### Annual Report for the Past Financial Year 2021 April to 2022 March end.

#### INTRODUCTION

People Community Development Society (PCDS) is a team of social workers who have initiated this organization in the year 2020 with an aim to serve the rural people and the downtrodden communities. People Community Development Society (PCDS) is a team of social workers involved in the services of the rural poor and the needy and enabling them the opportunities to take up the local issues by women joined together to serve especially the deprived women and the children from the community. The organization is involved in serving the rural mass without any barrier of caste, creed or religion and the total economic development on the part of the people is aimed at. We motivate them in self-development activities so that, in due course of time, they would become independent and work out their own developments. The activities are mainly undertaken in the rural areas where there are very less basic amenities. The living conditions of the rural poor are very deplorable and it is mainly due to the poor socio-economic conditions. Recently we are taking more measures towards the child education especially girl child education, health, and women empowerment.

#### GENERAL HEALTH AND HYGIENE CAMP

In continuation to care our communities under general health and hygiene camp was organized and conducted with the help of private doctor hired for the purpose. While community people in general and women in particular were the real beneficiaries. Women in particular and dalit women generally have no better access to the health problems that each one face as the reasons a many one is no time to go to clinic, work pressure at home/field and rest causes them the neglect shown towards personal health and hygienic conditions. Lack of interest/finance in hand contributes to negligence by the dalit women. Fear and shyness contributes to the factor of delayed decision making. To overcome

these defects of our adopted area dalit women organization conducted free health check up camp to make inroads into remote hamlets/households to give medical services, after checkups people were given free medicines, expert advice and follow up advices by the doctor concerned. The program is conducted in conducted twice in this year in 1 mandal covering 20 villages. Since the organization is witness pandemic situation came forward and distributed masks and medical to the rural people from 30 villages. The program was of a great success and in the emergency6 situation this helped the rural people and educated them on the safety measures that have to be taken.

### **DISTRIBUTION OF FOOD AND BLANKETS TO POOR PEOPLE**

The organization has distributed food to the poor and the homeless in their areas of operation. In India, many homeless people lives on public places of highways, railway stations and bus stops. Our aim to feed the hungry homeless destitute, abandoned senior citizens, migrant workers. PCDS works to eradicate hunger, malnutrition, food wastage. The organization feed the hungry homeless elderly, women, and children, leprosy patients, disabled on the streets as part of zero hunger. With the little resources and financial support through the local donors, the organization once in a month fed 100 hungry homeless and made them to get food donation in lunch. The organization also distributed 200 blankets to the poor people and the people who are on the streets. The program is of a great success and is appreciated by the government official in the area of operation. This gave us additional encouragement and motivation to continue this project in future also.

### **ENVIRONMENTAL AWARENESS CAMPAIGN**

As an initiation to Environmental Awareness the organization have conducted an environment aareness campaign and distributed tress in 3 village.As community was concertized in the making of women, men and children get the message right into the mind and apply mind/body/soul into the aspect of national environmental as the depleting natural resources, green cover are distancing from appearing as human wanton kill and destruction beyond greed had caused the reality to see/experience heat, contaminated water for human consumption. In this scenario groups were contacted door to door campaign, and meeting as group and rally organized in the hamlets have contributed to the facts and figures of national resources impressing to care, be vigil in preventing and protecting resources that are base to present as well future generations to live and sustain. The importance of plantation of tress and protecting the nature has been explained to the people and they are motivated to plant trees in their

surroundings. The importance of a forestation and greenery was explained to people and made them understand the need and emergency to protect the nature.

### **WOMEN EMPOWERMENT THROUGH TRAINING IN TAILORING AND DISTRIBUTION OF SEWING MACHINE.**

The organization has provided training to rural women in tailoring. The main aim of this program is to train the women and make them self sufficient and economically free. The women through this program has brought in keen interest among women who wanted to be part of the training as through the training women were able to make engagement for the day and training is motivation to go for making use of day/time/energy/resources/money and beyond intelligence to name. In fact the trainer had also put in his maximum effort to make learning process better and interesting. Overall results of the tailoring training has brought in new fresh memories to women who were desperate to make a earning as cost of living has gone up and feeding the families across a daunting task. Women thanked us for the initiations which were right and better. Training to 30 women is provide and 3 machines are distributed to most disadvantaged women who cannot afford to buy it. The program is a great success and initiates the organization to conduct more skill training programs to women.

### **AWARENESS PROGRAMS**

In additional the organization has implemented many awareness program and training programs in its operational areas which has help the rural people. Women's day and children's day are celebrated un a schools and the women teachers are honored y the organization. The organization has celebrated all national days and festivals.

### **CONCLUSION**

In conclusion we the members of the board of **People Community Development Society-PCDS** as a root based community development organization have spent its financial year in satisfaction while many obstacles had come and gone yet we could find resources to development initiations found support from, community to be part of their development initiations. This year has been a learning to the budding organization and made the organization to move forward by planning more number of programs for the coming year.

In addition our appreciation to our own PCDS Board without the members help we as PCDS would have not found years as PCDS good enough to make inroads in its working towards development of dalit and tribal and rural people. Who otherwise would have not found a more committed organization as PCDS has dedicated to be part of the lives of communities spread in the interior of the hinterland. While life of the groups has been difficult yet life has to go on in this order it was PCDS intruded with right intention to be among the communities to make new ways to development. In thanking our own board members each one of them individually as well collectively for the ways and guidance in managing the affairs of the PCDS program.

Finally or not least we extend our thanks to many Government Department staff and officials for their kind cooperation as well help when sought from them for PCDS program.

We want to remember our own friends and donors who have been kind in extending donations, other supports that has come to play key role. Beyond appreciations to our kind of work which requires more human dedication as supports have come to play the role with the hope that there are friends and donors to the program are our lasting hope – We thank everyone and we place our appreciation and remind to see next financial year.
